Dated 31st August, 2010

TO WHOMSOEVER IT MAY CONCERN

This is to certify that Maruti has been procuring Everest make blowers of 710 WC model since 2001, for use in their Water Treatment, Effluent treatment and Sewage treatment plants and their performance is found satisfactory.

Further we had placed repeat orders on them as the service back up and timely deliveries were good. We would be pleased to purchase the blowers from them for our future requirements.
